# PORTAIL ÉCONOMIE GESTION

EUROPEAN ECONOMICS

UE 11, semestre 2

**ENSEIGNANT(S) :**

Nom : Lecouteux  
Prénom : Guilhem  
Mail : [Guilhem.Lecouteux@unice.fr](mailto:Guilhem.Lecouteux@unice.fr)

**OBJECTIFS DE L'ENSEIGNEMENT :**

The aim of this course is to introduce the main economic debates and challenges raised by the process of European integration. The course combines both microeconomic and macroeconomic analyses.

## PLAN / SOMMAIRE :

### Chapter 1. Functioning of the European Union

- 1) Historical overview of European integration
- 2) EU institutions
- 3) Collective decision-making procedures

### Chapter 2. Economic achievements of EU

- 1) European Single Market
- 2) The Common Agricultural Policy
- 3) The European Monetary Union

### Chapter 3. EU's current challenges

- 1) Labour market and migrations
- 2) The European debt crisis
- 3) Brexit

## MODALITÉS D'ÉVALUATION :

The final exam is a 1h30 essay (*dissertation*). Lecture materials are allowed during the exam.

## ÉLÉMENTS BIBLIOGRAPHIQUES :

Baldwin, R. and C. Wyplosz (2012), *The Economics of European Integration*, McGraw-Hill Higher Education.
